Math Teacher-MeANS

The Maine Academy of Natural Sciences (MeANS) has an opening for a Math Teacher. The successful candidate will be responsible for direct instruction to students, working as an advisor to a small group of students, working as a collaborative member of a team centered approach to student planning, and school related processes.

This position will follow the MeANS academic calendar which is based on a year round schedule with a typical 4-day school week. The successful candidate will work 182 academic days. The successful candidate will hold a teaching certificate. Preference will be given to candidates with experience in mathematics at the high school level, a passion for working with at-risk students, and demonstrated ability to work as a member of a team.

The Maine Academy of Natural Sciences (MeANS) is a project-based experiential high school that focuses on studies in the Natural Sciences including agriculture, forestry and sustainability. All students have individualized personal learning plans and the opportunity to take courses at Kennebec Valley Community College.

Qualifications:

- Experience working with students in a supervisory capacity
- Certification or advanced degree in Mathematics desired.
- Satisfactory reference, background, and health checks

Benefits include a competitive wage, medical, dental, long-term disability and life insurance, 401k, and Maine State Retirement.

Interested applicants please submit an application packet, which can be downloaded from our website www.meansacademy.org and submit application, certification and three letters of recommendation to Human Resources Director, PO Box 159, Hinckley, ME 04944.

Please reference “Math Teacher” on your correspondence. Incomplete applications will not be considered.

We are an equal opportunity employer
